

ND5 XS 2

Product EANs: xxxxxxxxxx

Enjoy excellent sound quality streaming wirelessly from almost any source, including Chromecast built-in Spotify, Tidal, AirPlay and Apple Music and Bluetooth AptX HD.

UPnP-enabled to allow streaming of audio files at up to 32bit/384kHz resolution from Naim Audio hard disk servers, network-attached storage (NAS) devices or any home computer.

Key Features

- Easily control and update your player via the Naim App. The ND5 XS2 is also Roon ready
- Uses Naim's bespoke, state-of-the-art streaming platform, plus carefully selected and matched components, an oversized toroidal transformer and decoupled PCB boards.
- Multi-room & Party Mode compatible - link with other Naim systems and enjoy amazing sound in up to six rooms
- Over the-air-updates via the Naim app will enable you to update your system at a touch of a button
- Fill your entire home with music using multroom technology in up to six rooms of your house, all controlled via the Naim app.
- Built-in Chromecast allows you to stream from hundreds of supported smartphone or tablet apps (192kHz)

Reviews

“The entry-level model in Naim’s new network music player range may look simple to the point of anonymity, but its performance could make it the true star of the lineup”
