

FOCAL[®] *INSIDE*

RENAULT RENAULT ALASKAN

ACOUSTIC 6.0

This solution allows you to improve the front and rear speakers of your vehicle, for richer sound and better sound distribution within the cabin. Installing the new speakers does not require any significant modifications to the existing audio system, allowing for sound improvement while maintaining compatibility with your original equipment.

KITS HAUT-PARLEURS

HPDORECO

IC RNS 165

2-way coaxial kit

HPDOFRSE

IS RNI 690

2-way component kit

Legal Information: • These Focal Inside products have been designed for specific vehicles. • They are compatible with other vehicles from the same manufacturer or automotive group. • However, Focal cannot guarantee full compatibility with these vehicles: adjustments may be necessary. • It is essential to verify the compatibility of our speaker kits with your vehicle's audio system before any purchase or installation. • Focal cannot be held responsible for any incompatibility or damage resulting from incorrect installation.

Brand Information: • The acoustic solutions are certified by Renault® and preserve the vehicle's original sound. • Installed at a dealership, they preserve the manufacturer's warranty. • This system is not compatible if the vehicle is pre-equipped with the original hi-fi option.
