

FOCAL[®] *INSIDE*

BMW BMW 4 SERIES G23 CONVERTIBLE

ACOUSTIC 7.1

This solution consists of front and rear speakers, as well as a subwoofer and a center channel. This improves the clarity of dialogue and sounds, creating a more realistic and well-defined soundstage, while remaining perfectly matched to your original audio system.

HPDOFRSE
IS BMW 100 V2
2-way separate kit

Legal Information: • These Focal Inside products are designed for specific vehicles: BMW 3 Series G20, BMW 4 Series F32, BMW I4. • They are not incompatible with other vehicles from the same manufacturer or automotive group. • However, Focal cannot guarantee full compatibility with these vehicles: adjustments may be necessary. • It is essential to verify the compatibility of our speaker kits with your vehicle's audio system before any purchase or installation. • Focal cannot be held responsible for any incompatibility or damage resulting from incorrect installation.

Brand Information: The BMW IS 100 v2 exploded view kit is installed at the front of the vehicle only if there are tweeter locations (pillars or doors). If your vehicle does not have a standard tweeter location, we recommend contacting BMW Parts for specific brackets, or installing our BMW IC 100 v2 coaxial kit. – Only applicable to vehicles with v2 configurations. Check if your center channel location has a power source if adding a BMW ICC 100. When replacing the standard subwoofer, depending on the car's audio system, please select the BMW ISUB with a suitable impedance (2 / 4 / 8). Below are the compatibility options to check based on your car's audio system and its impedance: • BMW Standard Audio: ISUB BMW 4 - ISUB BMW 2 • BMW Top Hifi: ISUB BMW 4 - ISUB BMW 2 • BMW Harman/Kardon: ISUB BMW 8 - ISUB BMW 2
