

FOCAL[®] INSIDE

BMW BMW SÉRIE 5 F90 M5

ACOUSTIC 9.2

Thanks to this solution, the replacement of the front and rear speakers as well as the two subwoofers and the central channel provide rich and highly precise sound. These changes, accompanied by specially designed kits for each zone, create a detailed and immersive sound experience. You thus benefit from sound reproduction faithful to the sources, with an optimal balance between all frequencies.

Legal Information: • These Focal Inside products are designed for specific vehicles: BMW 3 Series G20, BMW 4 Series G22, BMW X5 F95 M. • They are not incompatible with other vehicles from the same manufacturer or automotive group. • However, Focal cannot guarantee full compatibility with these vehicles: adjustments may be necessary. • It is essential to verify the compatibility of our speaker kits with your vehicle's audio system before any purchase or installation. • Focal cannot be held responsible for any incompatibility or damage resulting from incorrect installation.

Brand Information: Check if your center channel location has a power source if adding a BMW ICC 100. When replacing the original subwoofer, depending on the car's audio system, please select the BMW ISUB with a suitable impedance (2 / 4 / 8). Below are the compatibilities to check according to your car's audio system and its impedance: • BMW Standard Audio: ISUB BMW 4 - ISUB BMW 2 • BMW Top Hifi: ISUB BMW 4 - ISUB BMW 2 • BMW Harman / Kardon: ISUB BMW 8 - ISUB BMW 2
