

FOCAL[®] *INSIDE*

PEUGEOT PEUGEOT E-208 II

ACOUSTIC 8.0

This solution involves upgrading your vehicle's front and rear speakers through the use of separate kits, each optimized for its specific position (front and rear). The improvement of the audio system is thus more targeted, for more precise, balanced and better quality sound reproduction for each area of the passenger compartment, without complex modifications.

KITS HAUT-PARLEURS

Legal Information: • These Focal Inside products have been designed for specific vehicles. • They are compatible with other vehicles from the same manufacturer or automotive group. • However, Focal cannot guarantee full compatibility with these vehicles: adjustments may be necessary. • It is essential to verify the compatibility of our speaker kits with your vehicle's audio system before any purchase or installation. • Focal cannot be held responsible for any incompatibility or damage resulting from incorrect installation.

Brand Information: • Installation can be performed by certain authorized dealers and all Peugeot® dealerships. • The manufacturer's warranty is maintained. • Focal Inside solutions are compatible with the original multimedia/audio system: on-board computer, steering wheel controls, Bluetooth® receiver.
