

# FOCAL<sup>®</sup> INSIDE

## BMW BMW 5 SERIES F07

### ACTIVE 6.2

In this solution, the replacement of the front and rear speakers, the two subwoofers combined with the addition of a dedicated amplifier, allows you to benefit from increased sound dynamics. The amplifier provides better power management and more faithful reproduction of sound details, resulting in a more nuanced experience, while maintaining excellent overall quality.

### KITS HAUT-PARLEURS

**HPDORECO**  
**IC BMW 100**  
2-way coaxial kit

**HPDOFRSE**  
**IS BMW 100**  
2-way  
separate kit

**POWER SUPPLY SET**  
Wiring for power supply

Legal Information: • These Focal Inside products have been designed for specific vehicles. • They are compatible with other vehicles from the same manufacturer or automotive group. • However, Focal cannot guarantee full compatibility with these vehicles: adjustments may be necessary. • It is essential to verify the compatibility of our speaker kits with your vehicle's audio system before any purchase or installation. • Focal cannot be held responsible for any incompatibility or damage resulting from incorrect installation.

Brand Information: Adding our Impulse 4.320 amplification solution can only be done on vehicles with a standard audio system, without an amplifier, or without a professional GPS (large screen). When replacing the original subwoofer, depending on the car's audio system, please select the BMW ISUB with a suitable impedance (2 / 4 / 8). Below are the compatibilities to check according to your car's audio system and its impedance: • BMW Standard Audio: ISUB BMW 4 - ISUB BMW 2 • BMW Top Hifi: ISUB BMW 4 - ISUB BMW 2 • BMW Harman / Kardon: ISUB BMW 8 - ISUB BMW 2
