

# FOCAL<sup>®</sup> INSIDE

## MERCEDES MERCEDES GLC COUPE

### ACTIVE 6.2

In this solution, the replacement of the front and rear speakers, the two subwoofers combined with the addition of a dedicated amplifier, allows you to benefit from increased sound dynamics. The amplifier provides better power management and more faithful reproduction of sound details, resulting in a more nuanced experience, while maintaining excellent overall quality.

### KITS HAUT-PARLEURS
