

FOCAL[®] *INSIDE*

MERCEDES MERCEDES-BENZ C-CLASS (4TH GENERATION)

ACOUSTIC 11.2

With this solution, replacing the front and rear speakers as a separate kit, the subwoofer, as well as adding a center channel and surround allows for an impressive and well-balanced soundstage. The center channel not only improves sound clarity, but also the depth and spatiality of sound, creating a more dynamic and enjoyable audio experience for all passengers.
