

NAIM AUDIO PRESENTS MU-SO UTOPIA AN EXCEPTIONAL ALL-IN-ONE IMMERSIVE SYSTEM

The Mu-so Utopia from Naim Audio embodies all the power, emotion and immersion of a large audio system, all in a single speaker. Hi-Fi performance, ease of use and extensive connectivity come together in a single package, delivering an exceptional listening experience at home.

ALL SOURCES, ALL CONTENT - NO COMPROMISES

Mu-so Utopia is there to accompany you through every moment of your day. Digital music, television, games consoles, CD players, Blu-ray players... there's a place for every source thanks to comprehensive and intuitive connectivity. Designed as a true audio hub, the system allows you to enjoy your content in very high quality. Compatible with Dolby Atmos®, it also delivers an immersive experience for films, TV series and concerts, creating an enveloping soundstage that places the listener right at the heart of the action.

A NEW BENCHMARK FOR EXPERIENCING MUSIC TO THE FULL

More than just a speaker, the Mu-so Utopia is an all-in-one system that makes High-Fidelity audio accessible in just a few clicks. Building on Naim's most advanced expertise in electronics, and backed by Focal's expertise in acoustics, it naturally bears the Utopia name, a symbol of audio excellence for both brands. Thanks to its state-of-the-art electronics, 15 speaker drivers and powerful amplification - the most powerful ever fitted to a Mu-so system - the sound is exceptionally precise, realistic and rich.

NAIM'S CHARACTER, UTOPIA'S ELEGANCE

Mu-so Utopia makes its mark with an iconic design in which every detail exudes sophistication and performance. Its black aluminium chassis, accentuated by the signature red Utopia highlight, gives it a distinctive yet understated visual presence. Both a design piece and a technological marvel, it blends seamlessly into any home and has become an indispensable part of everyday life.

Recommended retail price: €5,000 / £4,499 (GBP) / \$5,500 (USD)

Mu-so Utopia is available exclusively through the Focal Powered by Naim network of shops. www.focalpoweredbynaim.com/

About Naim

Since 1973, Naim Audio has been a global benchmark in high-end hi-fi equipment. Renowned for its unique British craftsmanship, the brand designs audio systems that combine performance, innovation and musicality, ranging from amplifiers to music streaming players and all-in-one solutions. Drawing on its sophisticated in-house engineering (circuitry, DR technology, carefully selected components), Naim assembles nearly 70 per cent of its products by hand at its workshops in Salisbury. In partnership with Focal, France's leading acoustics company, it offers comprehensive, high-quality solutions. The Naim experience can be discovered through the global network of Focal Powered by Naim shops. www.naimaudio.com
